

FY2026 Sakura City Household Waste Sorting Guide

The information presented here is as of Jan. 26, 2026.

Waste Sorting Search Tool (Japanese text only)

<CONTACT> (available only in Japanese)

Garbage Control Section, Sakura City Hall, 97 Kairinjimachi, Sakura-City, 285-8501

☎043-484-1111 (Main switchboard) or ☎043-484-6149 (Direct line)

Website: <https://www.city.sakura.lg.jp>

* The 2D code on the right can be used to check garbage sorting.

Category	Collection Day / Site	Applicable Items	Example	Remarks
Combustible Items	Combustible Garbage City-designated Garbage Bag (brown)	● kitchen garbage (excluding below "Plastic Products (12 items)") ● plastic goods (excluding below "Plastic Products (12 items)") ● fabrics ● leather items ● rubber items ● aluminum foils	rubber hose, rubber gloves, disposable diapers, cat litter, kitchen scraps, paper scraps, plastic goods not covered by the "Plastic Products (12 items)", DVDs, CDs (including cases), face masks, disposable body warmer, boots, leather shoes, bags	● To dispose of newspapers, magazines, corrugated cardboard and drink packagings, use the regional recycling groups for collection. Otherwise, put them out at the garbage collection point in the "Combustible Garbage" bag. ● Drain all liquids from kitchen waste. ● For disposable diapers, flush solid waste down the toilet. ● For grass and twigs, put them in the "Combustible Garbage" bag. ● As for "Plastic Products (12 items)", put it in a collection box at the drop-off site.
Noncombustible Items	Landfill Garbage City-designated Garbage Bag (blue)	● ceramic items ● glass items ● small amount of earth and sand that is no longer needed	incandescent light bulbs, glow lamps, broken fluorescent lights, glass items, ceramic items, disposable lighters after being completely emptied, lithium primary battery insulated with tape, weight stones placed on pickles, flowerpots, magnets	● Sharp and fragile items should be wrapped securely, such as in newspapers. ● To avoid fires on the collection truck, be sure to fully use the disposable gas lighters prior to disposal. ● Contact gardening stores or construction companies for disposal of a large amount of soil, pebbles, and gravel. ● Lithium primary batteries (e.g. coin-type / cylindrical type) are to be insulated such as with tape. ● Button-type battery (SR, LR, PR series) should be returned to collection points designated by the Battery Association of Japan. (Please refer to their website for more information.)
	Mercury Containing Products Counter Collection at Garbage Control Section			● Bring your mercury containing products such as air/body thermometers, blood pressure monitors to Garbage Control Section, Sakura City Hall (5th floor, Building 1).
	Metal Items & Small Appliances Colorless & Transparent Plastic (Poly) Bag	● metal items and small household appliances that fulfill all of the following requirements: a) sizes that fit into a designated 30-liter bag. b) Each item must weigh less than 5kg. If multiple items are packed, the total weight must be less than 10 kg.	pots, kettles, frying pans, metal water bottles / vacuum insulated bottles, kitchen knives, itto-kan (18-liter square cans), laundry drying hangers (mainly made of metal), clocks, wire hangers, scissors, irons, hair dryers, telephone equipment, umbrellas, canes (mainly made of metal), LED light bulbs, razor blades, cutter replacements, digital blood pressure monitors, power cords, AC adapters	● When disposing of sharp objects and fragile items, wrap them securely such as in newspaper. ● Be sure to delete any personal information on items that can record personal information. ● Remove batteries and dispose of them according to the disposal rules. ● Metal umbrella and cane should also be placed in a colorless and transparent plastic bag, even if they exceed the bag's size.
	Small Appliances which can record personal data Drop-off Box at Recycling Station	● small appliances that can record personal information and can be put in a collection receptacle opening (30cm x 10cm x 30cm)	[Applicable Items] USB flash drives, video cameras, hard disk recorders, digital audio players, IC recorders, digital cameras, game consoles, car navigation systems, electronic dictionaries, etc.	[Drop-off Site] -City Hall: 1st floor of building 1 -City Branch Office: Usui-Chiyoda, Yukarigaoka, Negō, Wada, Yatomi -Library: Yume Sakura-kan, Sakura Minami Library -Other Facility: Millennium Center Sakura, Nishishizu Fureai Center, Chiyoda-Someino Fureai Center, Shizu Community Center, Shizu Shimin Plaza
	Small appliances with built-in lithium-ion batteries. Drop-off Box at Recycling Station			Please ask a retailer or other private business to dispose of the product. If this is difficult, please bring to the Waste Management Section (For details, please see the bottom right of the back page).
	Cans City-Designated Garbage Bag (red)	● empty cans	empty beverage cans, empty food cans, metal lids for glass bottles, empty confectionary cans, empty gas cylinders / empty aerosol spray cans (always empty the content and pierce a hole)	● Cans must be emptied when disposal. ● To avoid fires inside the collection vehicle, make sure to use up all of the contents of spray cans and cassette cylinders and puncture the cylinders before disposing of them (piercing should be performed outside, away from the fire.)
	Bottles City-Designated Garbage Bag (green)	● empty glass bottle / jars	empty storage jar for homemade liquor, empty jam or coffee jars, empty beverage bottles, empty liquor bottles, empty Japanese sake bottles, empty cosmetic or medicine bottles	● Metal lids should be disposed of as "Cans". ● Plastic lids should be disposed of as "Plastic Containers/ Wrappings". ● Ceramic bottles should be disposed of as "Landfill Garbage". ● Broken items can also be placed in designated "Bottles" garbage collection bags.
	Other Paper Containers / Wrappings City-Designated Garbage Bag (white)	● paper containers and packaging of purchased items	paper tissue cartons, paper cigarette cartons, wrapping paper, paper bags, paperboard sheets for shirt packages	● Sorting can be guided by the identification marks on the paper container packaging of the items. ● Newspapers, magazines, cardboard boxes, and paper cartons do not belong to this category. ● Items that are extremely soiled and scented should be disposed of as "Combustible Garbage". ● Please use newspapers, magazines, cardboard, and paper packs through resource collection organizations or otherwise make effective use of resources. (call above <CONTACT> for detail)
	Plastic Containers / Wrappings City-Designated Garbage Bag (yellow)	● plastic containers and packaging of purchased items ● Plastic Bottle (NO oil residue)	styrofoam containers and packaging materials (inflatable cushioning), plastic shopping bags, plastic food trays, styrofoam containers and packaging materials (inflatable cushioning), plastic egg cartons, Plastic Bottle caps/labels, shampoo/conditioner bottles, Plastic Bottle	● Sort using the identification marks on plastic containers/packaging and PET bottles as a guide. ● Lightly rinse soiled items before putting them out. ● Heavily soiled items should be placed in the "Combustible Garbage". ● Out of plastic goods, 12 items that fall into the category of "Plastic Products" are collected at the recycling station. All other items are disposed of "Combustible Garbage". ● Plastic containers/packaging and plastic bottle label, cap, and bottle itself can all be placed in the same bag. ● It is for automatic sorting by a machine during recycling that Plastic Bottle are placed in the same bag though the labels and caps are removed.
	Bulk Waste Door-to-Door Pickup (Prior application & fees required) *Refer reverse side for specific details.	● items that fulfill either one of the following conditions: a) items that NOT fit in 30-liter city-designated garbage bag size, (except for metal cans, umbrellas) b) each weighing 5 kg or more	chests, bicycles, bundle of 3 futons, suitcases, bundled branches (items that do not fit in a combustible garbage bag)	● There are items which CANNOT handled by the city. Refer below " (Items that are NOT Collected by Sakura City)" for details. ● Other alternatives of disposal are as below: (1) Request a general waste disposal contractor approved by Sakura City for collection. (2) Drop off the items to "Shisui Recycle Bunka Center" (waste incineration plant) by yourself. (☎) ¥350/10kg, (🕒) 8:30-11:30/13:00-16:30, (📍) 1506 Sumi, Shisui-machi ☎043-496-7511
	Used Cooking Oil Every 1st Thurs. Recycling Station at Public Facilities	● used cooking oil *disposed in itto-cans (18-liter square can) are not acceptable *do not put disposable chopsticks or other foreign objects in the container.	● place the used cooking oil in a well-rinsed and dried Plastic Bottle, enclosing the contents securely with the screw-type cap. ● leave unused but outdated oil cans / bottles as they are, without opening them. ● oil for machinery, such as engine oil is not collected	[Drop-off Site] -City Hall: side of the entrance of building 1 -City Branch Office: Negō, Wada, Yatomi -Other Facility: Sakura City Concert Hall, Millennium Center Sakura, Nishishizu Fureai Center, Chiyoda-Someino Fureai Center, Shizu Community Center, Shizu Shimin Plaza ● Drop off at facilities' opening hours ● If you cannot take oil to the collection station, absorb the oil in cloth and dispose of as "Combustible Garbage." ● Oil for machinery is not collected by the city. Contact the store/manufacturer you bought from or otherwise if the amount is few, absorb the oil in cloth and dispose of as "Combustible Garbage"

--	---	--	---

◆ The above-mentioned items must either be collected by the store of purchase or a specialized handling company. Do NOT dispose of these items at the garbage collection site under any circumstances.

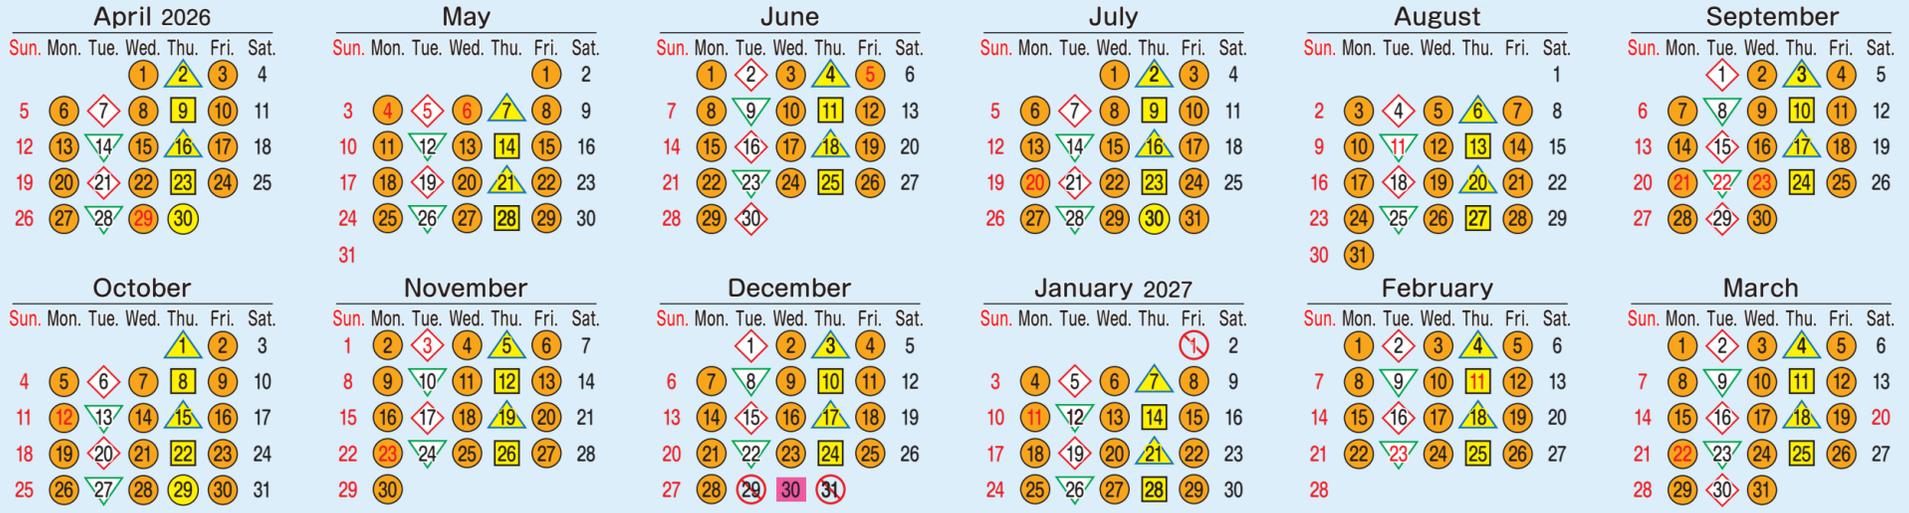

<<Your cooperation is requested>>

- ◆ Put your garbage out at the collection point by 8:30 AM on your collection day. Do not put it out the day before or at night.
- ◆ Two collections are made every Tuesday and Thursday. Do not put out any garbage outside of the designated collection times, even if some remains at the collection point.
- ◆ Waste disposed of in bags other than those specified by the city will not be collected.
- ◆ For safety reasons, collection may be cancelled due to bad weather (such as typhoons or heavy snow.)
- ◆ Business waste (general wastes from business activities / industrial wastes) is not collected by the city and must not be disposed of at collection points or collection stations.
- ◆ Do not use illegal trash haulers / junk pickup agents who have no permission from the city.
- ◆ Know before you throw! Follow the disposal rules and work together to keep our community clean!

FY2026 Garbage Collection Calendar

- Combustible Garbage
- ▲ Plastic Containers/Wrappings·Landfill Garbage
- Plastic Containers/Wrappings·Metal Items & Small Appliances

- ◇ Other Paper Containers/Wrappings·Cans
- ▽ Other Paper Container/Wrappings·Bottles
- Plastic Containers/Wrappings

(Note) On Tuesdays and Thursdays, waste is collected in two categories. Do not put out additional garbage after 8:30 a.m., even if there are garbage bags left at the collection point, as one type of garbage may have already been collected.

① No collection on December 29 & 31, 2026, January 1, 2027. ■ Extra "Combustible Garbage" collection on Tue, December 30, 2026.

Items which are not listed in the "Bulk Waste Item Chart"

Items which weigh 15 kg or less	¥500
Items which weigh more than 15 kg and up to 30 kg	¥1,000
Items which weigh more than 30 kg	¥1,500

The size/weight of the bulk waste is limited to items that can be loaded by two workers.

[Bulk Waste Disposal Ticket]

- A 500 yen ticket is the only type of "Bulk Waste Disposal Ticket."
- Refund is available for former tickets (face value other than ¥500). Contact Garbage Control Section for details.
- Items that do not meet the conditions listed below (①) are not bulky waste, even if they appear on the "Bulk Waste Item Chart". Please put out for regular collection at a garbage collection point.

[About the "Bulk Waste Item Chart"]

① Items that meet any of the conditions listed below are eligible.

SIZE	Items that do NOT fit in a 30-liter city-designated garbage bag (except for umbrella and cane made of metal).
WEIGHT	More than 5 kg per item

- ② "Small" size refers to items whose width, height, and depth are all less than 1.2 m in length. "Large" is defined as anything other than "Small".
- ③ The amount of the fee is for one item of bulky waste, unless otherwise specified in the table.
- ④ A combination of the items listed in the table below can be discharged for a fee of 500 yen if the quantity is up to five pieces and the weight is less than 15 kg.

Category	Items with (※1) mark in the <Bulk Waste Item Chart>: zabuton, futon, blanket, cushion.	Up to 5 pieces (sheets) in total (as for futon, up to 2 sheets)
Category 1		
Category 2	Items with (※2) mark in the <Bulk Waste Item Chart>: clothing storage box, trash bin, bucket, planter, tank (all made of plastic).	Up to a total of 5 pieces

- (e.g.) For a combination of "Futon" and "Blanket" According to the item chart, the cost for up to three futons and five blankets is 500 yen each.
 → If the total weight of two futons and three blankets is less than 15 kg, they can be disposed of with a single 500 yen coupon.
 ※3 Set out your bicycle with the key in the lock.
 ※4 Drain the fuel inside.
 ※5 Bundle canes and leaves/branches separately. The bundles can be accepted for 500 yen if they have a total diameter of no more than 30 cm.

**[continued from the reverse side column "Small Appliances which can record personal data"]

● Counter Collection for smartphones, mobile phones, PHSs, tablets, smartwatches, and portable chargers

Private collection routes such as retailers are preferred, however, we will collect them at the Garbage Control Section counter (5th floor of Sakura City Hall "building 1") to the extent that the city can process them.
 Please ensure your device's battery is fully discharged before bringing it in.

*Be sure to delete all personal data before disposal.
 *Smart phones, mobile phones, PHSs, tablets, smartwatches, and portable chargers should NOT be disposed of in collection receptacles for small appliances.

● Recycling procedures for PCs

PCs which are not needed at home should be disposed of in the either following way.

- Collection by PC manufacturers
 PC Manufacturers' collection desks can be found on PC3R Promotion Association's website. For more information about collection, please contact PC3R. (☎03-5282-7685)
- Collection by a recycling company (courier service)
 Free collection by ReNet Japan Recycle Co., Ltd. is available. Contact ReNet Japan (☎0570-085-800) for more details.
